Fixations : nous consulter pour préconisation. / Fixings: please contact us for technical recommendation.

Veuillez nous consulter pour vérifier l'utilisation du produit avec des engins à roues non pneumatiques. / Please contact us in case of traffic of vehicles with non-pneumatic wheels.

The load-bearing capacity is always indicated for a joint in its initial position. In case of opening movements, the load-bearing capacity significantly reduces and the product will thus be only adapted for a light pedestrian traffic. The indicated load-bearing capacities are based on pneumatic wheels vehicles with a contact surface of 200x200 mm.
